

2020 Road Events Calendar

Welcome to the ASCC 2020 Road Events Calendar. This calendar outlines the events that your club intends to run throughout 2020 and provides details on rider requirements, racing regulations, lists Race Directors/Commissaires for each event and details of the points system for each race series.

1. Race Directors, Commissaires and Volunteers.

ASCC is a not-for-profit association that is totally reliant on volunteers to conduct events, which means we need all riders to contribute to events throughout the year. All riders are expected to assist by directing or assisting with at least one race. Each event has a Race Director who is responsible for organising the event and for races there is also a Commissaire who oversees race regulations and safety. Race Directors/Commissaires will be awarded 5 points for events that they act as Race Director or Head Commissaire and do not ride/race.

Nominated Race Directors take responsibility for organising the event including finding additional support for marshalling, timekeeping and course-setting. If nominated for a race and you are unable to complete your duties you are asked to organise a suitable person to take on your listed role. This may include swapping with another person listed to officiate on another date. Please contact the ASCC Road Race sub-committee to inform them of any change or issues: Max Yffer max.yffer@bigpond.com ; 0408 780 361.

2. Race Equipment

The Race Director is responsible for organising the race equipment prior to the event and returning everything after the event. The race box and equipment are kept in the locked storeroom (roller door) at the Clubrooms. The Race Director's key will be passed on by the Race Director from the previous race (who could also pass on race equipment). If you do not hear from the previous Race Director by at least 4 days prior to the event, give them a call. For information or to resolve issues contact the Road Race sub-committee.

3. Riders

All riders are required to have a current Cycling Australia membership or are to take out a day membership prior to the race:

- Ride+ or Race membership for Gran Fondos, Time Trials, Cyclocross and MTB/road joint social events.
- Race membership is required for all other events – track racing, criteriums, grade races, King/Queen of the Hills and handicaps.
- RIDE memberships are required to participate in a social ride conducted in conjunction with race events.
- Go to <http://membership.cycling.org.au> to obtain your membership.
- Membership cards are to be presented at sign-on at all races.
- Riders who do not present evidence of a valid membership will not be allowed to race.
- All equipment, bikes, helmets etc must meet CA regulations and requirements.
- The Commissaire may carry out inspections at any of the races.
- For most events riders are required to wear race numbers which will be provided at sign on.

4. **Race Fees** There may be race fees charged for some events. This will be published prior via the Alice Springs Cycling Club website and FB page.

5. **Points Series** There are points awarded (based on finishing place) to riders for each race that contribute towards each of the following series: Crit Series, TT Series & Road Race Series. Points from all of these Series, together with points from handicap races and Gran Fondos contribute toward the Overall Road Race Series.

criterium Series (4 Races)

- R1.** Telegraph Station
- R2.** Telegraph Station
- R3.** Cameron St
- R4.** Cameron St

- All riders will be graded into A, B, and C grades. Juniors U13 will race separately. Riders will nominate their grade most appropriate to their ability.
- Adjustments of grades may be made by the Race Director/Commissaire as appropriate.
- Crit Series points are not transferable between grades.
- The final lap will commence when the leading rider crosses the line following the completion of the race time.
- Lapped riders will finish in order behind the lead rider but have their position adjusted in accordance with their lap deficit.
- Lapped riders may be pulled from the race at the Race Director's / Commissaire's discretion.
- Lapped riders are not to influence the outcome of the race.
- Riders may miss a lap and rejoin the race following a mechanical failure.
- Crit Series grade winners shall be based on accumulated points.
- All Crit Series Points contribute to the Overall Road Series Points
- Race Directors/Commissaires will be awarded 5 points, if they don't race.
- Race Directors/Commissaires can delegate responsibilities to a suitable experienced person and still race.
- Points are awarded for starting, finishing and for the places as per the table.
